Cost of Attendance

- Direct Costs
  - Tuition and Fees
  - Room & Board
- Indirect Costs
  - Books & Supplies
  - Transportation
  - Personal Expenses
What Does Public College Cost?

- 2017–18: $12,086 tuition and fees at CU Boulder. $30,178 Total Cost of Attendance. $54,974 out-of-state costs.
- Nationally 51% of students attend any 4 yr school with tuition and fees less than $12k/yr
- Most families do not pay full amount. (Financial Aid)

Sources: College Board and bursar.colorado.edu website
What Does Private College Cost?

- Average 4 yr private school tuition in 2016–17 is $33,480; total Cost of Attendance = $49,320
- Only 23% of all students attend any 4–yr school where tuition and fees exceed $27k
- College is an investment. Sacrifices for college in the short term are usually easily regained in the long term.
- Most families do not pay this amount. (Financial Aid)

Source: College Board
Goal of Financial Aid

Aid Is Available to Make College Affordable!

- Primary goal is to assist students in paying for their education and to provide access and choice. Achieve these goals by:
  - Evaluating family’s ability to pay for educational costs
  - Distributing limited resources in an equitable manner
  - Providing a balance of gift aid and self-help aid
Never eliminate a school in the college search process based on its sticker price.

Use the Net Price Calculator available at every school’s website.

Know What to Expect. It’s not about Cost. It’s about Net Price. Understand some parts of the financial aid calculation now.

Colleges will provide different financial aid awards. Use the Net Price Calculators now at several schools to get estimates of how affordable college can be.
Determining Estimated Family Contribution:

- FAFSA – *Free Application for Federal Student Aid*
  - Required to determine eligibility for many federal, state and institutional aid programs which can include scholarships, grants, work study and student loans
  - EFC will be the same no matter the school, but the award will be different
  - [www.fafsa.gov](http://www.fafsa.gov)
FAFSA Available

- FAFSA will be available starting **October 1st**
  - Families will use 2016 taxes for 2018–2019 FAFSA
  - Benefits:
    - IRS Data Retrieval tool available immediately
    - No need to estimate/update FAFSA later
    - Apply as soon as you are able – you already have all the information you need to fill it out.

- Special Consideration:
  - If income is significantly different – please contact the financial aid office to work through an appeal or professional judgment process.
Determining Estimated Family Contribution for Institutional Aid:

- CSS PROFILE – College Board
  - Many private universities and scholarship providers require the CSS PROFILE application to determine financial eligibility for institutional aid programs
    - University of Denver, Colorado College (over 400 nationwide)
  - Fee to file it (fee waivers available)
  - Available October 1st of Senior Year
  - Comprehensive look at family finances, including home equity if you own your home
  - Non-custodial parent information (waiver possible)
  - http://profileonline.collegeboard.com
Financial Aid Applications

Tips for Completing Applications

- Meet Deadlines
- Reapply every year
- Ensure Social Security Number is correct
- Send applications to the correct institutions
- Ask questions if you are unsure
Financial Need

Cost of Attendance
- Expected Family Contribution

Financial Need

- Need varies based on cost
- Most colleges are unable to meet 100% of financial need with scholarship and grant aid, but 5-6% of colleges can
Federal and Institutional Methodology

Federal Methodology is the formula created by Congress to determine the Expected Family Contribution (EFC). Calculated on the Free Application for Federal Student Aid (FAFSA).

Institutional Methodology is developed by financial aid professionals in consultation with economists. PROFILE form usually required.
Need Varies Based on Cost
(If everybody used the same formula to determine need)

```
Cost of Attendance (Variable)  =  Expected Family Contribution (Constant)  =  Need (Variable)
1                                   EFC                                   X
2                                   Y                                   Y
3                                   Z                                   Z
```

What to Ask Colleges About Financial Aid Policies

- Are your admission decisions need blind?
- Do you meet full demonstrated need?
- What categories of aid are available (merit and need-based)?
- How much self-help aid should I expect over 4 years (loans and workstudy)?
- Will my grants and scholarships go down?
- Under what conditions will you reconsider my aid?
